

Service in a Snap: Camp Stove Maintenance & Inventory

Estimated Time: 45–60 Minutes

Who: Any Scout (e.g., Patrol Quartermaster) or Adult Leader

When: After every campout or semi-annually during gear turnover

Impact: Ensures the Troop has functional, safe cooking equipment and prevents grease buildup or corrosion that can destroy the stove over time

Requirements: Can fulfill leadership duties for the Quartermaster position

Your Mission

The objective is to clean, inspect, and inventory the Troop's Coleman camp stoves. You must ensure they are grease-free, all burners ignite properly, and the necessary accessories (hoses, adapters, and grids) are present and accounted for.

Preparation

1. **Pick up the Gear:** Coordinate with  Person to collect the stoves and accessories from  Place .
2. **Gather Supplies:** Dish soap, warm water, sponges, degreaser, rags, paint markers, and the inventory checklist.

3. **Set up Space:** Find a flat, well-ventilated outdoor surface or a clean garage floor to spread out the contents.

Step-by-Step Instructions

- **Step 1: Clean Out** – Remove the grid and drip tray. Wipe down the interior and exterior of the stove with a warm soap solution or degreaser to remove food residue and grease.
- **Step 2: Labelling** – Use a paint marker to re-label or add markings to the stove body using the YY-Stove# format (e.g., 26-1 for stove 1 in the year 2026).
- **Step 3: Quality Check** – Inspect the burners for clogs and the propane hose for cracks or leaks. Ensure the lid latches securely and the wind guards are not bent.
- **Step 4: Inventory** – Use the checklist below to identify missing or damaged components.
- **Step 5: Restock** – Note any missing items to be pulled from the central equipment stores or "Consumable Stores".
- **Step 6: Organize** – Re-pack the stove, ensuring the hose and adapter are stored safely inside the stove body to prevent damage.
- **Step 7: Report** – Submit the completed inventory and status report to Ⓐ Person.

Mission Checklist & Inventory

Confirm the stove kit contains the required quantities of the following items.

Item Description	Required Qty	Actual Qty	Status / Notes
Coleman Two-Burner Stove	1		
Grid / Grill	1		
Drip Tray	1		

Item Description	Required Qty	Actual Qty	Status / Notes
Lid (Attached)	1		
Propane Adapter	1		
Propane Hose	1		
Propane Tanks (Full)	2		
Stove Stand (if applicable)	1
